No Internet-based streaming

No buffering, image stuttering or quality changes because the My Passport Cinema drive delivers true 4K quality directly to your Vidity-enabled viewing device.

Preloaded with 4K UHD Hollywood titles

The My Passport Cinema storage comes preloaded with leading Hollywood titles so you can view true 4K Ultra HD mere minutes after taking it home. There are even some titles with HDR technology for the ultimate in picture quality.

Preloaded titles must be purchased. The total number and selection of preloaded movie titles are subject to change. Visit wd.com/vidity to see a list of preloaded titles.

Build a 4K Ultra HD digital library

Your digital 4K UHD library begins with your My Passport Cinema drive. Add to your collection by downloading additional titles from Vidity retailers so you don't miss one pixel of 4K Ultra HD entertainment. Each My Passport Cinema drive stores up to 13 4K UHD full-length movies.

The number of 4K UHD movies varies depending on the bit rate, resolution, and frames per second.

Vidity: The next great thing in home entertainment
